

# LETIXMIX

Hi! My name is Leticia Capelo. I was born on February 24th 1991 in Onil, a town of Alicante, but now you can find me in Cordoba.

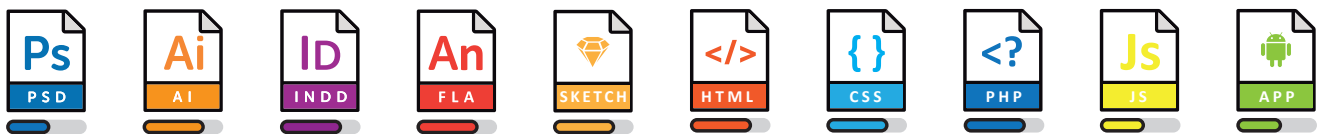

I'm a Graphic Designer and Web Developer. I like to coding, but I like much more to design, so I made my profession of my passions.

Unstoppable, I'm always looking for new styles and forms of expression, that's me :)
